Hello Ingram Resident,

We need your help. The Neighborhood Watch is a new Ingram Borough program designed to help us look out for one another by providing extra eyes and ears for our amazing Police Department. The attached flyer explains what a Neighborhood Watch Program does and what is expected. Our hope is to have this grow into a fun and rewarding way to get to know your neighbors and look out for one another which in return helps our Police Department keep our Neighborhood safe. ***It is very important that everyone know the importance of calling 911 if you see or hear something unusual and NOT the non-emergency number.***

We are in the beginning stages of setting this up, so there will be a few meetings (not more than once a month) where your input will be encouraged. We, as the Neighborhood Watch, will receive useful information and important direction from our Police Department and the County Sheriff.

Benefits of Neighborhood Watch:

1. Reduces fear of crime
2. Deters criminal activity
3. Stimulates neighborhood awareness by people watching out for each other
4. Reduces the risk of becoming a crime victim
5. Trains residents on securing their homes and property, recognizing and reporting suspicious and criminal activity, and communicating with neighbors
6. Residents receive information by the Boise Police Crime Prevention Unit on criminal activity in or near their neighborhood so residents can take precautions, and be the eyes and ears for law enforcement
7. Offers updated crime prevention literature and information
8. Encourages block parties, visiting with neighbors, and having fun in your neighborhood.
